I feel like I feel like the Finish button and the recycle is kind of confusing to finish because I'm likely to click on Finish because I'm finished with it?

Me

Okay, so what did you expect it to lead you to?

Jenny

I had no expectation...was like recycle more maybe like instead of recycle more go like home instead because I feel like the the tree -

Me

The tree the initial screen is like the home screen rather than the recycle more screen.

Jenny

Yeah, like that's what I tend to think. And the finished, I just I just expect like a message or something to pop out, I guess.

Me

Okay.

Jenny

Yeah, yeah, kinda kinda like I'm done today like goodbye like that.
